# About Us

Boza Tech is a technology company that began in 2006, in Brunei Darussalam with a vision to harness the advancements of information technology for business growth and social welfare.

We assist enterprises to implement advanced technology by offering hardware, software solutions, and consultation services. We help businesses to build a fully functional digital infrastructure which helps in accelerating various levels of operations and expanding business.

Our company highly focuses on client satisfaction. We have served a diverse set of clients including public sector bodies, private companies, commercial and residential spaces across Brunei, and delivered satisfaction to 100+ clients with our personalized solutions.

As our corporate social responsibility, we are committed to educating the younger generation in the areas of information technology. We are constantly working towards the improvement of the living standards of communities with the help and support of His Majesty's Government of Brunei Darussalam.

Boza Tech Sdn. Bhd. is an award-winning company that is majority-owned by Bruneians and is a subsidiary of Boza Group which holds Boza Remittance, Boza Co and Boza Kitchen.
